

# SG-6F

## Screw-type Mortar Pump

A worth having mortar pump with advantages of being made of mature technology, large flow, stable performance, high efficiency and easy operation.

Quick-setting Pump

### Feature

- Great Pump Power
- Simple Operation
- Multifunctional Blender
- Slant Hopper
- Integrated Support
- Variable Frequency and Variable Speed Motor

### Specification

Model:	SG-6F
Voltage:	380V
Max Flow:	50L/min
Max Working Pressure:	4Mpa
Motor Rating:	10HP
Delivery Height:	50M
Delivery Distance:	100M
Max Solid Particle Size:	8Mm
Hopper Capacity:	150L
Blender Hopper Capacity:	170L
Weight:	278Kg
D×W×H:	193×90×138

### Coatings and Paints

Fire retardant mortar, Premixed dry mortar, external wall insulation mortar, anti-crock mortar.

### Standard Configuration

- 25Mm×10M Hose ×1
- 10M Air Hose ×1
- Spray Gun ×1
- Spray Tip ×5
- Tool Kit ×1
